

2017 HOUSING INVENTORY CHART

For OTHER SHELTER on Jan 24, 2017 (PIT)

(Vouchers, Hotel/Motel Stay, etc)

1. **CoCs will be required to enter the address for all projects, except for Victim Service Provider projects.** If a project uses a scattered site model the CoC will indicate that to HUD and not have to enter an address for the project.
2. **Beds in institutional settings not specifically dedicated for persons who are homeless such as detox facilities, emergency rooms, jails, and acute crisis or treatment centers should not be included in the HIC. HUD considers extreme weather shelters as dedicated homeless inventory and should be included in the HIC.** While there might be occasional instances where a project with dedicated beds serves a non-homeless person, beds in these types of projects could still be counted as dedicated beds.

Please fill out all sections completely. ONE PROJECT per SURVEY FORM.	
Organization:	
Program Name:	
Contact Name:	
Phone & Email:	
Address:	
Does this project enter data into HMIS? <input type="checkbox"/> YES <input type="checkbox"/> NO

2017 HOUSING INVENTORY CHART
For OTHER SHELTER on Jan 24, 2017 (PIT)
 (Vouchers, Hotel/Motel Stay, etc)

If your agency will BEGIN/CEASE to enter data into HMIS in 2017:		If your Hotel/Motel/Voucher Inventory will change in 2017:	
HMIS Participation Start/End Date		Inventory Start/End Date	
Start Date (2017)	End Date (2017)	Start Date	End Date
TH PSH & ES	TH PSH & ES	TH PSH & ES	TH PSH & ES

* HMIS Participation Date = The date this agency began entering data for this program into HMIS. End date if the program no longer enters data into HMIS. If this is prior to 2017, then enter "none".

** Inventory Date = The date this agency began giving out hotel/motel stays or vouchers. End date is if the program no longer has a inventory, the date that this inventory ended.

(HMIS) HOMELESS MANAGEMENT INFORMATION SYSTEM

Our funding applications for the 12 county area are based on HMIS utilization rates. Reports that go to Congress such as the AHAR (Annual Homeless Assessment Report) only view data that has been entered into HMIS. Our data reported to Congress directly results in funding for our region to help reduce and alleviate homelessness.

May we contact you to discuss future participation with your agency into HMIS?

Yes, I would like to hear more from Tennessee Valley Coalition for the Homeless (TVCH) about participating in HMIS in 2017.

VERIFICATION AND AUTHORIZATION

By signing this document you herein verify that the above information is correct and can be entered into the Homeless Management Information System (HMIS) by the Tennessee Valley Coalition for the Homeless on behalf of the Tennessee Valley Continuum of Care, to be used in the Annual Homeless Assessment Report (AHAR) and the Housing Inventory Count (HIC) for 2017.

 Executive Director (or PIT County Representative)
