All,

The TVCoC Ranking Panel met on October 11 to review and rank-order the CoC agency applications for inclusion in our Collaborative Application that we will submit to HUD. Deb Patterson, Angela Stolpe, and Rebecca Dillow were an excellent team. I provided support and facilitated the meeting. They reviewed the materials before them carefully, asked a lot of good questions, and gave careful and thoughtful consideration to ranking the applications. The objective criteria included in the ranking and review forms you submitted were considered and scored, followed by discussion and consideration of HUD and local priorities, availability of other resources to meet the demand for services or housing, the projects' impact on the CoC system, vulnerability of populations served, potential for projects to stabilize homeless individuals or families and helping them move into permanent housing. I appreciate their willingness to take on this difficult responsibility.

First, all applications submitted in our CoC were accepted for ranking and inclusion in our CoC package. **There were no applications rejected.** We would anticipate that items 1-5 below should fall within Tier 1, item 6 split between Tier 1 and Tier 2, and item 7 in Tier 2.

The ranking of our CoC's agency applications will be as follows:

- | | | | |
|--------|---|---------------------|----------|
| Tier 1 | 1 | SSO CE | |
| | 2 | HMIS SYSTEM | |
| | 3 | HMIS STAFFING | |
| | 4 | PSH FAMILY SERVICES | |
| | 5 | TORCH RRH | |
| Tier 2 | 6 | YWCA VAP Housing | DV Bonus |
| | 7 | A Place to Stay | |

Thank you to each of you for your hard work in carrying out these programs and in pushing through this process every year to keep the funding coming.

If you have any further questions, please reach out to me. The scores will be posted on the TVCH website accordingly.

Thank you,
Allie

PSH = Permanent Supportive Housing; AO = Persons in Households without Children; AC = Persons in Households with at least one Adult and one Child; CO=Persons in Households with only Children

2) Because people have multiple stays in shelter over the course of a year and stay in different household configurations, a single person can be counted in more than one household type.

Therefore, the sum of the number of people by household type may be greater than the unique count of people.

3) Total Sheltered count only includes those served in HMIS participating projects reported by your CoC.

4) For CoCs that experienced mergers during any of these reporting periods, historical data will include only the original CoCs.

2024 Competition Report - SPM Data

TN-512 - Morristown/Blount, Sevier, Campbell, Cocke Counties CoC

FY 2023 Reporting Year: 10/1/2022 - 9/30/2023

Measure 1: Length of Time Persons Remain Homeless

This measures the number of clients active in the report date range across ES, SH (Metric 1.1) and then ES, SH and TH (Metric 1.2) along with their average and median length of time homeless. This includes time homeless during the report date range as well as prior to the report start date, going back no further than the look back stop date or client's date of birth, whichever is later.

Metric 1.1: Change in the average and median length of time persons are homeless in ES and SH projects.

Metric 1.2: Change in the average and median length of time persons are homeless in ES, SH, and TH projects.

a. This measure is of the client's entry, exit, and bed night dates strictly as entered in the HMIS system.

Metric	Universe (Persons)	Average LOT Homeless (bed nights)	Median LOT Homeless (bed nights)
1.1 Persons in ES-EE, ES-NbN, and SH	337	52.4	28.0
1.2 Persons in ES-EE, ES-NbN, SH, and TH	337	52.4	28.0

FY 2023 Reporting Year: 10/1/2022 - 9/30/2023

b. This measure is based on data element 3.917

This measure includes data from each client’s Living Situation (Data Standards element 3.917) response as well as time spent in permanent housing projects between Project Start and Housing Move-In. This information is added to the client’s entry date, effectively extending the client’s entry date backward in time. This “adjusted entry date” is then used in the calculations just as if it were the client’s actual entry date.

Metric	Universe (Persons)	Average LOT Homeless (bed nights)	Median LOT Homeless (bed nights)
1.1 Persons in ES-EE, ES-NbN, SH, and PH (prior to “housing move in”)	432	233.9	90.0
1.2 Persons in ES-EE, ES-NbN, SH, TH, and PH (prior to “housing move in”)	432	233.9	90.0

Measure 2: Returns to Homelessness for Persons who Exit to Permanent Housing (PH) Destinations

This measures clients who exited SO, ES, TH, SH or PH to a permanent housing destination in the date range two years prior to the report date range. Of those clients, the measure reports on how many of them returned to homelessness as indicated in the HMIS for up to two years after their initial exit.

Metric	Total # of Persons Exited to a PH Destination (2 Yrs Prior)	Returns to Homelessness in Less than 6 Months (0 - 180 days)		Returns to Homelessness from 6 to 12 Months (181 - 365 days)		Returns to Homelessness from 13 to 24 Months (366 - 730 days)		Number of Returns in 2 Years
